| <b>Class 10<sup>th</sup> WBSE</b>                                 | 2020        |
| Singrapur High School, Kamarpukur                                 | Score: 79.3 |

## SKILLS

- **Programming Languages:** C, Java, JavaScript, ABAP.
- **Frontend:** HTML, CSS, React.js, Next.js.
- **Backend:** Node.js, REST APIs, Inngeist.
- **UI Technologies:** Tailwind CSS, Shadcn UI.
- **Database:** MySQL, MongoDB, NeonDB, SAP-HANA
- **Tools:** Git, GitHub, Postman, VS Code.
- **Soft Skills:** Teamwork, Leadership, Event Management.

## PROJECTS

- **Sensei:** Developed a full-stack AI Career Coach platform, integrating Gemini AI with a cloud-native, API-first architecture to provide intelligent resume building, career guidance, and interview preparation. Built using Next.js, Tailwind CSS, Prisma, NeonDB, Shadcn UI, and Inngeist, the solution delivers personalized, real-time insights and a seamless user experience — designed for scalability and professional deployment. ([click here](#))
- **FraudShield:** Developed an AI-driven fraud prevention platform for SMEs, integrating SAP AI Services with cloud-native, API-first architecture. Built using React.js, Tailwind CSS, Flask, MongoDB, and Python (ML with TensorFlow & scikit-learn), the solution offers real-time phishing detection, invoice verification, ad fraud monitoring and vendor trust scoring- designed as a plug-and-play, scalable security tool for SAP ecosystem integration. ([click here](#))
- **SafeFlow:** Authentication and Trust Management for Software Defined Networks (SDN) Developed a security framework for SDN that authenticates applications and evaluates their trust before granting controller access. Implemented mechanisms to block malicious applications while ensuring seamless operation of trusted ones, improving overall network security and reliability.

## TRAINING AND ACADEMIC ACHIEVEMENT

- Completed 5-month hands-on training in SAP ABAP, HANA, and functional modules. ([Click Here](#))
- NPTEL Certification: Soft Computing Techniques — Elite, 2025. ([click here](#))
- Completed SAP Sales and Distribution (SD) Module with hands-on implementation of core order-to-cash processes. Training.
- Completed 2-week hands-on training in MongoDB, 2025

## Honors and Awards

- Runner-up at Kshitij 2K23 (Annual Technical Fest.- IIT Kharagpur), Robo War- March, 2023
- Selected for State Hub Round in SAP Hackfest- June, 2025
- Runners Up at Samatva, Model Display Round- February, 2024
- Runners Up at Magistech, Model Display Round- May, 2023

## Positions of Responsibility

- **Event Manager** – Oversaw theme design, decoration, and logistics for *TechVerse 3.0* (CSE Dept. Fest).
- **Team Leader** – Directed and coordinated 50+ students across multiple campus events, ensuring timely execution.
- **Event Head** – Inter-College Chess Tournament – Managed planning, coordination, and execution of the event.
